When in doubt, please refer and let us sort it out!

To make a referral, please call 816-932-3550.

Easy access and options for your convenience
- Patients referred for transplantation are quickly scheduled for an initial visit
- All patients are educated regarding living donation and are strongly encouraged to consider that option
- Candidate acceptance is determined by a multidisciplinary team and occurs within days of completed evaluation
- Daily post-transplant clinics ensure prompt ongoing management and communication back to referring physicians
