

## Pediatric Organ Donation and Donor Management

### When:

Tuesday, February 5, 2019  
2-3pm ET / 11am-12pm PT

### Speaker(s):

**Thomas A. Nakagawa, MD, FAAP, FCCM**

Prof., Anesthesiology and Critical Care, Johns Hopkins Univ. School of Medicine, MD;  
Chief of Critical Care & Director of Pediatric ICU, Johns Hopkins All Children's Hospital, FL;  
Asst. Medical Director, Carolina Donor Services, NC

### Target Audience:

Administrators • Coordinators • Physicians • Nurses • Surgeons • Managers • Quality Improvement • Social Workers • Other Donation and Transplantation Professionals

### Purpose:

Pediatric organ donation and transplantation can provide a significant life-saving benefit to both pediatric and adult patients. Because children comprise such a small subgroup of organ transplant recipients, it is common for organs recovered from pediatric donors to be transplanted in adult recipients. During this webinar, the impact of pediatric organ donors on the adult waiting list will be highlighted, along with the UNOS policies that are specific to pediatric candidates on the waiting list. Additionally, brain death diagnosis and donor management challenges that are unique to a pediatric organ donor will be discussed.

### Objectives:

At the end of the webinar, participants should be able to:

- Outline the impact of pediatric organ donation on the adult transplant waiting list.
- Summarize UNOS policies specific to pediatric transplant candidates.
- Discuss issues associated with diagnosing brain death in pediatric patients.
- Identify challenges in preserving the option of organ donation in critically ill pediatric patients.

## Register at [OrganDonationAlliance.org/webinar-series](http://OrganDonationAlliance.org/webinar-series)

### Continuing Education Credits

The Organ Donation and Transplantation Alliance offers 1 Category 1 CEPTC credit from the American Board for Transplant Certification.

BRN – 1.0 hour of continuing education credit will be provided for this event by Donor Network West, approved by The California Board of Registered Nursing, Provider Number CEP 13062.

### Credit for OnDemand Recording

OnDemand CEPTC and nursing credits are available after watching the OnDemand recording and completing the evaluation process on the OnDemand site. Credits are available for a duration of 12 months from the date of the webinar.
