

## Strategies for Success: Navigating Access to Electronic Medical Records

### When:

Tuesday, November 5, 2019  
2-3pm ET / 11am-12pm PT

### Speaker(s):

#### Elle' Tallent

EMR Document Control Specialist  
LifeLink of Georgia, LifeLink of Florida

#### Robert Glazner

Data Intelligence Manager  
Donor Network of Arizona  
Phoenix, AZ

### Target Audience:

Administrators • Coordinators •  
Physicians • Nurses • Surgeons •  
Managers • Quality Improvement •  
Social Workers • Other Donation and  
Transplantation Professionals

### Purpose:

The widespread adoption of Electronic Medical Records (EMRs) has significantly limited the ability of Organ Procurement Organizations (OPOs) to assess the medical suitability of potential organ donors. Furthermore, obtaining federally mandated access to hospital EMRs has been challenging for OPOs nationwide. Joint access enables streamlined communication between the healthcare team and OPO, improves the quality of patient care, and, ultimately, prevents delays that can lead to recipients not receiving life-saving transplants. This webinar will share the dual perspective of two OPOs who have successfully overcome common challenges faced when obtaining access, onboarding new staff, maintaining access for coordinators, and tackling a systemic approach to EMR access for their organization.

### Objectives:

At the end of the webinar, participants should be able to:

- Identify key EMR champions to establish OPO access and how to communicate what level of access is needed.
- Recognize the barriers in obtaining EMR access from the OPO perspective and discuss strategies to work through hospital requirements for access.
- Develop resources for OPO staff on how to maintain their access, as well as, how to navigate EMR systems on various platforms.
- Adjust internal OPO structure to effectively meet OPO and hospital stakeholder needs.

## Register at [OrganDonationAlliance.org/webinar-series](http://OrganDonationAlliance.org/webinar-series)

### Continuing Education Credits

The Organ Donation and Transplantation Alliance offers 1 Category 1 CEPTC credit from the American Board for Transplant Certification.

This program has been approved by the Organ Donation and Transplantation Alliance. Provider approved by the California Board of Registered Nursing, Provider #17117, for 1.0 Contact Hour.

### Credit for OnDemand Recording

OnDemand CEPTC and nursing credits are available after watching the OnDemand recording and completing the evaluation process on the OnDemand site. Credits are available for a duration of 12 months from the date of the webinar.

### Live Webinar Cost

\$80 per webinar connection. \$10 late fee applied to registrations received less than 3 days in advance.

### Cancellation Policy

Cancellations must be submitted at least 5 business days prior to webinar, and are subject to a \$10 nonrefundable processing fee. Inside of 5 days, all attendance costs are nonrefundable.
