Frailty and Cognitive Impairment in Kidney Transplantation

When:
Tuesday, October 20, 2020
3-4pm ET / 12pm-1pm PT

Speaker(s):
Mara McAdams DeMarco, PhD
Associate Professor and Director of Surgical and Outcomes Research
Johns Hopkins

Nadia Chu, PhD
Associate Professor
Johns Hopkins

Target Audience:
Administrators • Coordinators • Physicians • Nurses • Surgeons • Managers • Quality Improvement • Social Workers • Other Donation and Transplantation Professionals

Purpose:
As the number of older patients referred for kidney transplantation continues to rise; transplant centers are faced with the challenge of determining which of these patients are appropriate candidates for transplantation. Medical evaluations help guide clinicians in their decision making, but can sometimes fall short in determining risk of poor outcomes. Reliance on gerontologic measures of frailty and cognitive function to help identify ideal candidates in the pre-transplant setting is growing. In this course we will review the evidence for measuring frailty and cogitation and discuss the strengths and limitations of different gerontologic tools.

Objectives:
At the end of the webinar, participants should be able to:
• Identify tools to measure frailty during transplant evaluation.
• Describe how to incorporate frailty testing in the pre-transplant evaluation.
• List the many different tests of cognition and identify which is most appropriate for transplant evaluation.

Continuing Education Credits
The Organ Donation and Transplantation Alliance (The Alliance) offers 1 Category 1 CEPTC credit from the American Board for Transplant Certification.

This program has been approved by the Organ Donation and Transplantation Alliance. Provider approved by the California Board of Registered Nursing, Provider #17117, for 1.0 Contact Hour.

Credit for OnDemand Recording
OnDemand CEPTC and nursing credits are available after watching the OnDemand recording and completing the evaluation process on the OnDemand site. Credits are available for a duration of 12 months from the date of the webinar.

Live Webinar Cost
$80 per webinar connection. $10 late fee applied to registrations received less than 3 days in advance.

Cancellation Policy
Cancellations must be submitted at least 5 business days prior to webinar, and are subject to a $10 nonrefundable processing fee. Inside of 5 days, all attendance costs are nonrefundable.
